This is excellent. Morale-boosting, indeed! It's easy to see Bill's excitement, and I feel it, too. This is all good information

Hi Diana,
Happy New Year's Eve!!

Thanks so much for reaching out about this. You literally made my day! **Deliberative /Ex. 5 [possible approaches to climate change work]**

I have read "Summary For Policymakers" of the UN/IPBES report mentioned in the NY Times article you referenced (<https://www.nytimes.com/2019/05/06/climate/biodiversity-extinction-united-nations.html>) **Deliberative /Ex. 5 [possible approach to climate change work]**

Good morning Carin and Bill,

I’ve been thinking about the Biden Administration’s priority areas and how they’ll fit into our work. Clearly, the CBP has a path on the EJ priority. We’ll need to keep the pressure on to make the goal.
